MESSAGE

Greetings to you from Bodoland University!

It is indeed a pleasure for me to welcome all the prospective students and stakeholders for pursuing quality higher education at Bodoland University (BU), Assam. Established in 2009 by an Act of the Assam Legislative Assembly, the BU is very well recognised for its commitment in providing the excellent academic and research opportunities to cater the national and international needs.

Our academic landscape boasts 17 departments with postgraduate courses spanning Science and Technology, Arts, Humanities, Social Sciences, and Commerce, thereby offering a rich tapestry of educational avenues. Our full time MBA and MCA programmes are duly approved by the All-India Council for Technical Education (AICTE), ensuring a holistic and contemporary educational experience.

Accredited by the National Assessment and Accreditation Council (NAAC), the BU upholds rigorous quality standards which are reflected in our distinguished 91 faculty members with diverse and specialized backgrounds in different disciplines. Our commitment to provide a cutting-edge learning experience employing digitally enhanced smart classrooms and expertise of faculty members ensure that our students should receive a comprehensive education to face recent challenges in employment. We are steadfast in aligning with the National Education Policy (NEP) as per the guidelines of the University Grants Commission (UGC) and the Government of Assam, ensuring an educational ecosystem that is progressive, inclusive, and future-ready. In consonance to NEP directives, the BU is committed to facilitate the transition of students from three-year degree courses under the Choice-Based Credit System (CBCS) to four-year undergraduate programmes. Excitingly, we are poised to introduce a range of new offerings, including a five-year integrated program alongside BBA and BCA programs, commencing from the upcoming academic session.

Our commitment for better infrastructure development has been significantly bolstered by a substantial grant of Rs. 20 crores under the PM-USHA scheme of the Government of India. The infusion of various kinds of resources through PM-USHA scheme along with grants from the BTC and Assam Government will further elevate the learning

environment and overall academics for our students. Furthermore, the Bodoland University takes pride in its extensive network of 61 affiliated colleges, including seven B.Ed. Colleges and one Law College. Our dedication to academic excellence further extends in the establishment of research Centers of Studies fostering specialized research and learning environment. Following the Curriculum and Guidelines for Life Skills (Jeevan Kaushal 2.0) of the UGC, the BU is introducing “Life Skill Lab” to equip students with essential skills such as critical thinking, communication, collaboration and problem-solving, empowering them to thrive in diverse personal and professional environments. To ensure fairness, transparency, and adherence to government guidelines, the admissions in BU are made through its Central Admission Committee. The BU gives full attention on extra co-curricular activities where students can participate in their choice of sports. Participation of students in different State and National level sports and other extra co-curricular events is emphasised to create spirit of unity in diversity and other benefits related to health and social bonding. The BU is always committed to support various personality development activities also which are organised for the students and by students. As we embark on this academic journey together, I invite you to explore the vibrant educational ecosystem at the BU, where excellence, innovation, inclusivity, and life skills converge to shape the leaders and change makers of tomorrow.

Best wishes for a successful academic pursuit ahead!

MESSAGE

The dream of a higher education institution had been a much-awaited thing in the mind of the people of Bodoland Territorial Region. Various social organizations of this region expressed their needs of a university by going to the street in the form of demonstrations or through writing memorandums to both state and central governments at various times. When the first Bodo Accord (BAC Act) was signed in 1993, the aspiration of a university at Kokrajhar became a possibility. Assam government established a campus of Gauhati University at Kokrajhar in 1997 and became functional from 1998. This campus was subsequently upgraded to full-fledged State University in 2009 through Bodoland University Act passed in that year. So, people's dream of having a full-pledged university at Kokrajhar became a reality.

Bodoland Territorial Region is a backward place in many respects. In such a place the role of higher education is very important, because higher education alone can remove the areas of darkness in people's lives – be it a superstition, an ignorance or inefficiency. Higher education equips vulnerable people to overcome their problems that are directly or indirectly related to their backwardness. It gives sharp focus on the root cause of problems which they have hitherto not been able to identify as their problems. Higher education, therefore, enables them to identify and solve problems by themselves instead of waiting for someone to come forward to solve their problems. This gives them optimal solution to their problems leading to a stable development with confidence.

We expect the love and care of this university by the stakeholders as well as the community as a whole. Conscious guardians, intellectuals and political leaders - every group has an important role in creating a congenial atmosphere for the proper growth of this institution. The socio-political and intellectual dynamics of the area have a bearing on the welfare of this institution just as the university has a role in fostering a positive intellectual milieu in the society. So, the university requires people's involvement in its full growth.

It is my earnest appeal to the whole university fraternity to join forces in enabling the university to serve the community in its best way. Let us walk the extra mile if necessity arises apart from performing our assigned roles in the best interest of the people.

ABOUT THE UNIVERSITY

Bodoland University is a State University established under the Bodoland University Act, 2009 of the Assam Legislative Assembly on 28th February 2009. It is one of the fast-growing universities in lower Assam and the lone institution of higher education in the western part of Assam to address the needs and concerns for overall development of the region. Bodoland University is committed to the academic development of lower Assam in general and especially the BTAD region. The University provides an opportunity for higher studies to the populace of this region. It also caters the educational needs of the adjoining states and neighboring countries like Bhutan, Nepal, and Bangladesh.

Bodoland University is an affiliating University. It has 17 PG Departments, 53 Affiliated Degree Colleges, 4 DIETs, and 3 B.Ed. Colleges and a Law College. The University offers PG and 5 Year Integrated Programme with Academic Curriculum following the Choice-Based Credit System of UGC. Along with core subjects, Bodoland University also provides Diploma in Bamboo Technology, Post-Graduate Diploma in Human Rights & Education (PGDHRE), and several other Short-Term Diploma and Certificate Courses. Padma Shri Madaram Brahma Central Library, a digitally well-equipped library of the University provides knowledge and wisdom with multifaceted facilities. The University also has Health Centre, Technology Incubation Centre, Intellectual Property Right Cell, Bus service, and Hostel facilities for students and research scholars.

The picturesque campus of the University is located at Rangalikhata, Debargaon which is 8 km north of Kokrajhar town. The location of the University helps students and researchers across the border to get access to the University conveniently. Bodoland University is well-connected by a land road network including National Highway 31, Railway (Kokrajhar Railway Station), and Airways at Rupsi Airport (70 km). The international boundary of Bangladesh (110 km) and Bhutan (40 km) and the state boundary of West Bengal (45 km) are accessible by roadways. The University has two additional facilities at Haldibari (3 km from the main Campus) and Subaijhar (1.5 km from the main Campus).

DEPARTMENT OF MANAGEMENT STUDIES

Bodoland University has taken a pioneering step in the Bodo Territorial Region (BTR) by offering the first Master of Business Administration (M.B.A.) program. This program has been approved by the All-India Council for Technical Education (AICTE). The Department of Management Studies currently provides dual specializations in Finance, Marketing, Human Resource Management, and Operations, along with a Doctorate in Philosophy program. The department is well-equipped with a rich collection of academic resources housed in its library. In addition to its comprehensive curriculum; the Department places a strong emphasis on industry interface. Through collaborations with leading companies and organizations, students have the opportunity to engage in real-world projects, internships, and guest lecturers delivered by industry experts. This industry-academia partnership enriches the learning experience and provides students with practical insights and skills essential for success in the corporate world. The pedagogical approach of the department blends various methodologies such as case discussions, project-based learning, presentations, interactive class activities, besides classroom instruction, further enhancing the industry-relevance of the program.

FACULTY OF LANGUAGES

DEPARTMENT OF ASSAMESE

The Department of Assamese was established in 1998 after the establishment of the Kokrajhar campus of Gauhati University. The Department of Assamese has now completed its glorious 25 years. Many teachers have offered their dedicated services during these years, and many students from different parts of Assam have completed their master's degrees.

VISION

The Department of Assamese was established with the vision of preservation and enrichment of oriental learning, culture, philosophy and thought by virtue of deep studies and research of Assamese language, literature, and culture. It includes teaching and research on different Assamese literary and cultural texts ranging from folk literature to the texts belonging to the contemporary era relating them to the exemplification of the cultural, social, humanitarian values aiming at transporting the same to the society.

MISSION

1. To impart knowledge of the traditional texts through teaching and research.
2. To conduct training/workshop regarding manuscriptology in ancient Assam.
3. To encourage research activities with the active participation of the stakeholders.
4. To enhance new investigation on Tribal culture and Folklore Research.
5. To conduct international and national seminars on various aspects of oriental learning and culture.

PROGRAMMES OFFERED

DEPARTMENT OF BODO

The Department of Bodo was established in 1998, while the institution was a constituent campus under the Gauhati University. Since its inception, the Department has been taking the initiative to acquaint students with language, literature and culture in response to the demands of the time. The Department is offering M.A. and Ph.D. in Bodo. The motto of the Department is to provide comprehensive ideas and knowledge of the Bodo language, literature, and the composite culture of the Bodos from a folkloristic point of view. The Department also seeks to make the students acquainted with the origin and historical development of the Bodo language and literature and culture.

DEPARTMENT OF ENGLISH

The Department of English started functioning in 1998 with the beginning of the Kokrajhar Campus of Gauhati University. After the Campus was upgraded to Bodoland University, the department revised the curriculum several times as per the frameworks provided by the University Grants Commission. The department is equipped with latest ICT/ Smart Classroom facility promoting a vibrant teaching-learning atmosphere. We offer free wifi connectivity, access to digital resources, and a computer lab to the students. The present curriculum and the syllabus have been designed as per the guidelines of the National Education Policy 2020. The Department engages students in interpreting literature in the light of literary theories and critical approaches. The department encourages research activities in different areas encompassing literary and cultural studies through interdisciplinary approaches. Since the Department is committed to the development of the region, besides making the students sensible in the field of literature and culture, and making them fit for the job market or making them capable of picking up the right career after university education, it also gives them new insight to interpret their literature and culture which may occupy a significant position in World Literature. Hence, the English Department, in its present perspective, analyses Literatures in English from different angles of global thought and scholarship. MA (English) syllabus of Bodoland University is a well-designed, innovative, and compact course that covers a vast area ranging from British literature, European Literature, American Literature, African American Literature, and Indian Literature, to emerging humanities like Environmental Humanities, Cultural Studies, Media Studies, Gender Studies, Anglophone Writing from Northeast India, Women's Writing, Translation Studies, Linguistics, Decolonial Studies and Hypertext, etc. The PhD syllabus is also based on the pursuit and trend of global academic research leading to free articulation and thinking. The department arranges workshops, seminars, and lecture programs every year to give exposure to a wide range of theories and ideas to students and research scholars.

The department has invited eminent scholars from many Asian, European, and American Universities in the past. The teachers are dedicated to creating an intense research environment that will help train the students for a competitive job market. Therefore, we aim to create potential manpower by engaging with the students beyond classroom teaching. The department offers hands-on training to the students in research writing, field studies and data collection. The department has been offering help to the students in preparing for UGC-NET since 2016. At present the Department runs two research journals and has several research projects to its credit. The department firmly believes in nurturing humane values among the students. Therefore, we promote extension activities (school adoption), cleanliness drives, observing special days to celebrate the lives of litterateurs; and plantation programmes; and encourage student-centric activities through Drama Society, Literary Club, Painting activities etc.

FACULTY OF SCIENCE AND TECHNOLOGY

DEPARTMENT OF BIOTECHNOLOGY

The department was established in 2008 with PG programme. The department started to offer Ph.D. programme from the academic session of 2013-2014. The department has got two Centres viz., Technology Incubation Centre and Centre for Bamboo Studies. The Department is equipped with an instrumentation facility and basic laboratory amenities to cater to students' needs. Department of Biotechnology, Government of India, has selected this department to establish an Institutional level Advance Biotech Hub, Bioinformatics Infrastructure Facility for infrastructure and manpower development, Technology Incubation Centre on Mushroom and DBT-KISAN HUB for entrepreneurship development of youth of this region. The Department of Science and Technology (DST), Government of India, has selected the department under the Fund for Improvement of S & T Infrastructure (FIST) Scheme. DBT-Govt of India has selected Department of Biotechnology, BU for DBT-PG-M.Sc in Biotechnology for GAT-B qualified students. As a mandate, the department takes active care in regular career counselling for students through advanced career-oriented training, enabling them to secure placement to establish themselves. The department takes the initiative in translational research in health and agriculture, industrial food and extension services apart from regular teaching, learning and research. The Department is blessed with several extramural R & D project from various agencies like DBT-GoI, ICMR, Dept. of Agriculture (GoA), NEC-GoI, etc. Recently, the Department under NEC-GoI Project has procured Scanning Electron Microscope with EDS and HPLC with PDA and fraction collector.

The Department of Botany was established in 2014 and offered M.Sc. degree in Botany. The Department also introduced a Ph.D. programme in 2017. Since its inception, the Department of Botany has remained at the forefront of teaching and research in Botany. The Department aims to provide quality-based higher education in plant sciences, catering to the needs of many in the region. The Department emphasizes promoting integrated understanding and utilization of plants in various conventional and frontier areas of Botany. The major thrust areas of the Department are floristic studies of the region, plant physiology, pharmacology, biodiversity conservation, forest ecology, algology, fungal diversity, lichenology, microbiology, cytogenetics, bioremediation and nanobiotechnology.

Vision & Mission

The Department of Botany is dedicated to providing high-quality higher education in plant sciences, meeting the diverse needs of the region. We strive to foster an integrated understanding and utilization of plants, spanning from traditional to cutting-edge areas of Botany.

Academic Focus

- ❖ Floristic Studies: Exploring and documenting the rich plant diversity of the region, contributing to our understanding of local ecosystems.
- ❖ Plant Physiology: Investigating the physiological processes of plants, from photosynthesis to nutrient uptake, to enhance agricultural productivity and environmental sustainability.
- ❖ Pharmacology: Studying the medicinal properties of plants and their potential applications in healthcare and pharmaceutical industries.
- ❖ Ecology & Biodiversity Conservation: Examining the interactions between plants and their environment in forest ecosystems, with implications for conservation and management. Working towards the preservation and sustainable management of plant biodiversity, crucial for ecosystem health and resilience.
- ❖ Algology & Fungal Diversity: Exploring the diversity, ecology, and economic importance of algae, fungi and biotechnological applications.
- ❖ Lichenology: Investigating lichens as bioindicators of environmental health, their ecological roles, and potential biotechnological applications.
- ❖ Microbiology: Exploring the diverse roles of microorganisms in plant health, soil fertility, and biotechnological processes.
- ❖ Cytogenetics: Studying the genetic structure and function of plants, including chromosome analysis and genetic mapping.
- ❖ Bioremediation: Developing strategies for using plants and microorganisms to mitigate environmental pollution and restore degraded ecosystems.

- ❖ Nanobiotechnology: Exploring the applications of nanotechnology in plant science, including nanomaterial-based delivery systems and bioimaging techniques.

Research and Innovation

The Department of Botany, BU fosters a vibrant research environment, encouraging faculty and students to engage in innovative research projects. Through collaboration with national and international institutions, we aim to address pressing challenges in plant sciences and contribute to scientific advancements.

Facilities and Resources

Our department is equipped with modern laboratories, greenhouses, and botanical gardens, providing students with hands-on experience and research opportunities. Additionally, we have access to libraries, herbaria, and digital resources to support academic endeavors.

Community Engagement

We actively engage with local communities, conservation organizations, and government agencies to promote environmental awareness, biodiversity conservation, and sustainable development. Through outreach programs and collaborative projects, we strive to make a positive impact on society.

Future Directions

As we look to the future, the Department of Botany is committed to advancing knowledge in plant sciences and training the next generation of scientists and professionals. We aim to expand our research portfolio, strengthen academic collaborations, and contribute to global efforts in sustainable development and environmental stewardship. Department of Botany stands as a beacon of excellence in plant sciences, dedicated to academic rigor, scientific innovation, and societal impact. We invite students, researchers, and stakeholders to join us in our quest to unravel the mysteries of the botanical world and harness its potential for the betterment of humanity and the planet.

DEPARTMENT OF CHEMISTRY

Department of Chemistry was established in 2014, and since then, it has been offering M.Sc. course. The Department started its Ph.D. programme in 2018. Some of the major research areas are Biodiesel, Catalysis, Natural Products, Synthesis of Inorganic Compounds, Materials Science and Polymer Chemistry. The Department has four laboratories (two for M.Sc. practical and two for research work) to carry out practical and research activities. The Department is well-equipped with all the essential laboratory facilities for PG practical. It has instruments like precision electronic balance, heating oven, vacuum oven, rotary evaporator, magnetic stirrer; heating plate with precision temperature controller, nitrogen gas circulation assembly and sophisticated instrument like UV-Vis. spectrophotometer. Currently, some of the passed-out students have been pursuing their Ph.D. at different Institutions and Universities like IIT Kharagpur, IIT Kanpur, IIT Indore, NEIST (Jorhat), NEHU (Shillong), IASST (Boragaon, Guwahati), Tezpur University, Gauhati University and Bodoland University.

CENTRE FOR BODO STUDIES

The CENTRE FOR BODO STUDIES (CBS) started functioning in 2014 based on the Memorandum of Settlement of Bodo Accord, 2003. Bodoland University designed the centre to facilitate scholars, thinkers and interested individuals in augmenting a new study approach on the Bodo Ethnic Group of North East India with reference to national and international viewpoints. The primary concept of the centre is to contribute to the enormity of Indian diversity in nation-building approaches. Bodoland University envisioned building Bodo language and culture and antiquity an entity of the great Indian culture. Now, the centre has become a part of the University with substantial autonomy to function and solitary identity as “Centre,” to run by this Regulation. The Centre for Bodo Studies supports three types of scholars to undertake their studies. Firstly, the research scholars who want to undertake their studies on the related premise of Language, Culture and Antiquity of the Bodos can be registered member scholars of the Centre. Secondly, the writers or thinkers who have no requisite degrees to carry out research work but having good studies and knowledge on the area can also register as member scholars. Thirdly, those who are energized to study various aspects of the Bodos methodically or want to publish their research works in an organized way can also become member scholar of the Centre. The Centre would extend memberships with available sources and guidance to find the goal in these three categories of scholars and learners. The centre also organizes seminar, workshop, training on various knowledge and skill of Bodo group and share their research findings with the nation and abroad.

Centre for Women Studies (CWS), Bodoland University, was established in 2013. It supports the all-round development of women especially control over recourses. The main concern of CWS, BU is to build a centre of information and knowledge of women of Bodoland Territorial Area Development Council (BTAD), Assam, and North Eastern Region. Evolving a Gender Perspective in developing and regularly revising the Curriculum material, Research Studies, Field action, Documentation and Extension Activities, The CWS, BU seeks to address discrimination against women, interrogate existing discipline-wise concepts, tools and techniques that justify the denial of equity for women and work towards the upliftment of women from the straitjackets of Stereotyped categorization, marginalization and discrimination.

AIMS AND OBJECTIVES

- a. To actively coordinate courses on gender and women in different departments and promote assimilation and dissemination of knowledge on gender issues.
- b. To provide a forum to debate issues on gender, diversity and equity and to work in coordination with women's organizations and voluntary groups to advocate for better gender balance.
- c. To initiate Capacity Building Programmes and thus facilities participation of women in higher education management.
- d. To impart gender sensitization and generate awareness on gender issues both through academic and extension programmes.

STRUCTURE

At present, the Centre operates with a director and a coordinator. It has an Advisory Board, Standing Committee, and a Statutory Committee comprising members from different fields and academic disciplines.

Director:

Dr. Mridula Devi, Ph.D.

Coordinator:

Dr. Zothanchhingi Kiangte, Ph.D.

The centre for South and South East Asian Study, Bodoland University, was set up in 2019 as per Government of Assam office order No.83 Dated 02/05/2018 and approved by Hon'ble Vice-Chancellor, Bodoland University dated 30/04/2019. The vision of the centre is to explore the areas where trade and commerce, political, cultural, and finally people to people contact with South and South-East Asian Countries can be built up for the development of India in general and North East India in specific.

OFFICE STAFF

1. Prof. Manjit Das, Director
2. Dr. Jhanin Mushahary, Assistant Director
3. Dr. Konita Basumatary, Coordinator

ACTIVITIES

An International Seminar titled “Act East Policy of India and Engagement with ASEAN” was organised on the 30th and 31st of January 2020. Prof. Elias Hossain, Department of Economics, Rajshahi University, Rajshahi, Bangladesh; Prof. Abdul Wadud, Department of Economics, Rajshahi University, Rajshahi, Bangladesh; Dr. Rajnish Ratna, Associate Professor, Department of Business Studies, Royal University of Bhutan, Bhutan; Prof. U. K. De, Department of Economics, NEHU, Shillong; Prof. Deb Kumar Chakrabarty, Department of Economics, Dibrugarh University, Prof. Jyotiraj Pathak, Department of Political Science, Bodoland University, Kokrajhar participated as Resource persons.

The Concept of the Technology Incubation Centre was inaugurated in 2012 at Bodoland University, initially focusing on the cultivation of mushrooms as a demonstration of rural technology. Since then, the center has undertaken various goal-oriented extramural projects funded by agencies such as the Department of Agriculture (BTC), the Department of Tourism (BTC), DICC-Kokrajhar, DBT-GoI Technology Incubation Centre on Mushroom, the DBT-GoI KISAN Hub program, and the DBT-Biotech Hub program for entrepreneurship and skill development of the youth in this region.

With the alarming growth of the global population, the proportional increase in food and nutrition has become a prime concern. This issue is exacerbated by the depletion of fertile agricultural land and other resources. Another issue gaining importance in various discussions is solid waste management, including agricultural waste. Thus, the Technology Incubation Centre of Bodoland University, utilizing rural technology and the concept of a circular economy, has successfully provided employment opportunities to youth and alternative livelihoods to rural farmers by focusing on waste management as the epicenter.

The Centre holds ISO, FSSAI, and Udyam certifications. Covering an area of 10,500 square feet, it provides a platform for students, rural entrepreneurs, women entrepreneurs, and freelancers. The Centre offers summer and winter internship programs for incubates and has trained 10,542 farmers, as well as several entrepreneurs, self-help groups (SHGs), and NGOs.

Vision: To develop and enhance rural technologies for skill and entrepreneurship development, thereby augmenting self-aided employment and entrepreneurship ecosystems in the region, and also to provide low-cost yet high-quality health food with enhanced Vitamin D and other essential nutrients by utilizing low-cost agro waste.

Mission: Capacity building and economic upliftment of frontline farmers through an integrated zero waste management approach, involving interventions in cultivation, processing, and value addition of mushrooms.

The Centre proposes to offer a Certificate Course in Rural Technology (3 Months-Course Fee Rs. 2500/-) for rural entrepreneurs with informal education, a Diploma in Rural Technology & Bio-entrepreneurship (6 Months-Course Fee Rs. 4500) for rural youths with a minimum qualification of H.S Pass, and a PG-Diploma in Rural Technology, Bio-entrepreneurship & Skill Development (12 Months-Course Fee Rs. 5500) with a minimum qualification of a degree pass. The Course Content shall include Gobar Gas Preparation, Vermicomposting, Mushroom Cultivation (Basic Mushroom), Medicinal Mushroom, Value-added fortified food product production, Hydroponics, Aquaponics, Arecanut plate making Unit, Biofloc fish cultivation, Pearl Cultivation, Nursery Management, Beekeeping, Plant Tissue Culture, basic instrumentation, disease diagnostics, basic nutritional estimation, Spawn Production, Advanced Instrumentation (Optional), Business Development Models, etc.
